

# JOURNAL OF REPRODUCTIVE MEDICINE

## Subject Index, Volume 10, 1973

- Abortion  
counseling, 77  
combined with tubal ligation, 291
- Abruption placenta, 115
- Adolescent pregnancy, 77
- Amniocentesis, 261
- Anemia and pregnancy, 111
- Anesthesia  
lumbar epidural route, 31  
halothane, 107  
ketamine, 256
- Antenatal diagnosis of genetic defects, 261
- Antibodies to prostaglandins, 125
- Aspirin and prostaglandins, 118, 133
- Cardiopulmonary alterations in pregnancy, 102
- Cervix  
cytology, 3  
pre-malignant lesions, 3  
cervical conization, 81  
mucosa, 90  
dysplasia and oral contraception, 177
- Chemotherapy, 85
- Cholesterol and diabetes in pregnancy, 95
- Chromosomal abnormalities, 261
- Clitoris, leiomyoma of, 75
- Columbia medical plan, 28
- Complications of laparoscopy, 245, 301
- Contraception  
effect of oral contraceptives, 3  
IUDs, 44, 139, 163, 169, 170  
vasectomy, 147, 150, 156  
tubal sterilization, 173, 175, 211, 230, 249, 273, 291  
oral contraceptives, 177, 186, 200, 202  
injection of hyaluronidase, 185  
injectable medroxyprogesterone acetate, 193
- Contraceptive action of IUD, 44
- Corpus luteum function and prostaglandins, 133
- Copper, effect on IUD action, 166
- Culdoscopic sterilization, 175
- Cytology of endometrial cancer, 53
- Danazol, 197
- Diabetes mellitus and lipid metabolism of pregnancy, 95
- Diabetic pregnancy, 95
- d-Norgestrel, 200
- Electrocautery and early cervical neoplasia, 81
- Endocrine subspecialization, 21
- Endolymphatic stromal myosis with pulmonary metastases, 85
- Endometrial cancer, symposium, 53, 85
- Endometrial changes with IUD, 44
- Endometrial stromal sarcoma, 85
- Endometriosis, treatment with danazol, 197
- Endometrium  
changes with IUD, 44  
cancer, 53, 85  
cytology, 53
- Epidural space in infants, 31
- Family planning  
mini pill, 139  
vasectomy, 147, 150, 156  
IUDs, 163, 166, 169, 170  
tubal sterilization, 173, 175, 211, 230, 249, 273, 291  
oral contraceptives, 177, 186, 200, 202  
injection of hyaluronidase, 185  
injection of medroxyprogesterone acetate, 193  
sex education, 205  
clinic, 205  
religious attitudes, 207  
legal aspects of semen storage, 208
- Fertility studies, 233, 285
- Fibrin degradation products, 115
- Folic acid, 111
- Gynecological laparoscopy, 169, 173, 211, 227, 230, 233, 239, 243, 245, 249, 256, 273, 276, 285, 291, 295, 301
- Halothane, 107
- Health maintenance organizations, 24, 28
- Heart disease in pregnancy, 102
- Heparin, 269
- Hepatic disease and pregnancy, 107

mini pill, 139  
vasectomy, 147, 150, 156  
IUDs, 163, 166, 169, 170  
tubal sterilization, 173, 175, 211, 230, 249, 273, 291  
oral contraceptives, 177, 186, 200, 202  
injection of hyaluronidase, 185  
injection of medroxyprogesterone acetate, 193  
sex education, 205  
clinic, 205  
religious attitudes, 207  
legal aspects of semen storage, 208
- Fertility studies, 233, 285
- Fibrin degradation products, 115
- Folic acid, 111
- Gynecological laparoscopy, 169, 173, 211, 227, 230, 233, 239, 243, 245, 249, 256, 273, 276, 285, 291, 295, 301
- Halothane, 107
- Health maintenance organizations, 24, 28
- Heart disease in pregnancy, 102
- Heparin, 269
- Hepatic disease and pregnancy, 107

- Hormone control of lipids, 95  
 Hyaluronidase, 184  
 Hypofibrinogenemic states in pregnancy, 115
- Indomethacin and prostaglandins, 118, 133  
 Intrauterine devices, 44, 163, 166, 169, 170
- Jaundice of pregnancy, 107  
 Jet wash, use in endometrial cytology, 53
- Ketamine anesthesia, 256  
 Kinocilia and sperm dynamics in rabbit cervix, 90
- Labor and prostaglandins, 121, 133  
 Laparoscopy  
 removal of perforated IUD, 169  
 tubal sterilization, 173, 211, 230, 249, 273, 291  
 oocyte recovery, 211  
 general principles, 211  
 development of, 227, 230  
 recording of human ovulation, 227  
 impact on gynecology, 230  
 fertility studies, 233, 285  
 tubal occlusion, 233  
 diagnostic and surgical procedures, 211, 239, 249  
 teaching, 243  
 complications of, 245, 301  
 anesthesia, 245, 256, 273  
 double puncture technique, 249  
 biopsies, 249, 295  
 puerperal sterilization, 273  
 combined with D&C abortion, 291  
 instrumentation and documentation, 276
- Leiomyoma of clitoris, 75  
 Lipid metabolism in pregnancy, 95  
 Lipoprotein triglyceride and cholesterol in normal pregnancy, 95
- Malnutrition in pregnancy, 41  
 Medical education, 13, 16, 19, 21, 24, 243  
 Medical subspecialties, 16, 21  
 Medroxyprogesterone acetate, 193  
 Megestrol acetate, 139  
 Mental development and malnutrition, 41  
 Mesenchymal tumors of uterus, 85  
 Metabolic disorders, 261  
 Microdose estrogen-free oral contraceptive, 139  
 Multiple publication, 1
- National Library of Medicine Project, 19
- Obstetrics-gynecology, 13, 19  
 Oocyte recovery, 211
- Oral contraceptives, 3, 95, 139, 177, 186, 200, 202  
 Ovarian biopsies, 211, 249, 295  
 Ovulation, 133, 211, 227, 233  
 Oxytocin, comparison with prostaglandins, 121, 133
- Parturition and prostaglandins, 133  
 Pregnancy  
 malnutrition, 41  
 in adolescence, 77  
 diabetes, 95  
 heart disease, 102  
 hepatic disease, 107  
 anemia, 111  
 hypofibrinogenemic states, 115  
 prostaglandins, 118, 121, 125, 133
- Progestin therapy, remission in endolymphatic stromal myosis, 85
- Prostaglandins  
 biosynthesis, 118  
 inhibitors, 118  
 metabolism, 118  
 use in labor, 121  
 side effects, 121  
 serological aspects, 125  
 molecular structure, 125  
 in control of ovulation, corpus luteum function and parturition, 133
- Quinestrol, 202  
 Quingestanol acetate, 186, 202
- Radium, in treatment of endometrial cancer, 53  
 Religious attitudes toward family planning, 207  
 Rheumatic heart disease, 102
- Semen storage, legal aspects, 208  
 Sex education, 13, 205  
 Sheehan's disease, 107  
 Sickle cell disorders, 111  
 Sperm motility, 90  
 Standardization of heparin therapy, 261  
 Sterilization, 147, 150, 156, 173, 175, 211, 230, 249, 273, 291  
 Stromatosis, 85
- Thalassemia, 111  
 Trichomoniasis, 3  
 Tubal sterilization, 173, 175, 211, 230, 249, 273, 291
- Vasectomy, 147, 150, 156  
 Viral hepatitis, 107  
 Vocational education and adolescent pregnancy, 77

# JOURNAL OF REPRODUCTIVE MEDICINE

## Subject Index, Volume 11, 1973

- Abdominal pregnancy, 41  
Androgens, female hirsutism, and infertility, 87  
Androstanediol, 87  
Androstenediol, 87  
Antibiotic use in VD, 175, 179, 182  
Arthritis-dermatitis syndrome, 99  
Asherman's syndrome, 43, 49  
Atrophic vagina, 233
- Blastocyst transfer, 192  
Blood insulin, 59  
Breakthrough bleeding, 135, 233
- Cardiovascular adjustments in pregnancy, 2  
Cervical shock and IUDs, 209  
Cervix, cryosurgical treatment, 68  
Computer diagnosis of labor progression, 149, 154  
Constitutional hirsutism, 96  
Copper in IUDs, 209  
Corticosteroids in diabetic pregnancy, 23  
Cryosurgery for dysplasia and carcinoma, 68  
Cystitis in menopause, 233
- Cytology  
evaluation after cryosurgery, 68  
of vagina in menopause, 233
- Depression in menopause, 233  
Diabetes in pregnancy, 23, 59  
Dihydrotestosterone, 87  
Dilatation and curettage, 233  
Disseminated gonococcal infection, 99  
Dysfunctional labor patterns, 154
- Eclampsia, 71  
Electrosurgical hazards, laparoscopy, 159  
Embryo transplantation, 192  
Endocrine management in menopause, 233  
Endometrium  
healing after curettage, 43, 49  
biopsy, 233  
Enterohepatic circulation of bilirubin, 225  
Estrogen  
in diabetic pregnancy, 23  
in oral contraceptives, 135
- as post-coital contraception, 191  
therapy in menopause, 233
- Expulsion rates of IUDs, 205, 213  
Fetal distress, 154  
Fetal heart tones detected with ultrasound, 104  
Fetal thyroid, 19  
Fluid volume in pregnancy, 14
- Genetic disorders, 28, 35  
Gestational diabetes, 23  
Glomerular structure, 71  
Glucose tolerance tests, 23  
Gonococcemia, 99  
Gonorrhea  
screening, 82  
epidemiology, 125  
Gynecological laparoscopy, instrumentation, 159
- Heart disease in pregnancy, 2  
Hematologic profiles in pregnancy, 28  
Hemoglobin C-sickle cell disease, 28  
Hemoglobin degradation, 225  
Heterozygous thalassemia in pregnancy, 35  
High-risk labor, 154  
Hirsutism, 87, 96  
Homozygous hemoglobin S disease, 28  
Hormonal growth stimulus, 43, 49  
Human ova, 192  
Hydatidiform mole, 223  
Hyperbilirubinemia, neonatal, 225  
Hypofibrinogenemia in hydatidiform mole, 223
- Infertility, 87, 192  
Insulin reserve in normal and diabetic pregnant women, 59
- Intrauterine contraceptive devices  
failure, 79  
and uterine length, 205  
expulsion rates, 205, 213  
use of uterine sound, 205  
amount of copper and efficacy, 209  
pregnancy rates, 209  
cervical shock, 211  
acute neurovascular sequelae, 211  
compliance, 213  
design, 213

- Intrauterine growth disturbance, 215  
 In vitro fertilization, symposium, 192
- Kidney and pregnancy, 14, 71  
 Kidney biopsy and recurrent toxemia, 71  
 Kraurosis vulvae, 233
- Labor**  
 IUD complication of third stage, 79  
 computer diagnosis of progression, 149  
 high-risk, 154  
 Laparoscopic sterilization, 159
- Menopausal woman, symposium, 233  
 Menstrual cycle, 135, 233
- Neonatal hyperbilirubinemia, 225,
- Obstetrical septic shock, 6  
 Oral contraceptives  
     acceptability, 135  
     side effects, 135  
     compared with other contraceptives, 142  
     prospective study, 142  
     use in menopause, 233
- Pancreatic capacity in normal and diabetic women, 59  
 Parenchymal renal disease, 14  
**Placenta**  
 in abdominal pregnancy, 41  
 and umbilical cord separation, 79  
 rupture, 79  
 placental villitis
- Pregnancy**  
 medical complications, symposium, 1  
 heart disease, 2  
 septic shock, 6  
 and the kidney, 14  
 thyroid diseases, 19  
 sickle hemoglobinopathies, 26  
 heterozygous thalassemia, 35  
 abdominal pregnancy, 41  
 toxemia, 71  
 IUD failure, 79
- Premalignant disease, 68  
**Progesterone**  
 in diabetic pregnancy, 23  
 in oral contraceptives, 135
- Progesterogen**, 233  
**Prostitution and venereal disease**, 81  
**Post-coital contraception**, 191  
 Public education in VD control, 165, 169, 171, 173
- Rabbit endometrium  
 and estrogens, 43  
 and progesterone, 49
- Renal failure in pregnancy, 6  
 Renal pathology, 71  
 Ross, Robert A., tribute, 108
- Septic shock in pregnancy, 6  
 Sickle hemoglobinopathies in pregnancy, 28, 35  
 Skin changes in menopause, 233  
 Sodium handling in pregnancy, 14  
 Sterilization, laparoscopic, 159  
 Surgical menopause, 233  
 Syphilis, epidemiological approach to control, 123
- Testosterone binding globulin, 87, 96  
 $\beta$ -thalassemia sickle cell disease, 28, 35  
 Thrombophlebitis, 233  
 Thyroid disease in pregnancy, 19  
 Toxemia of pregnancy, 71  
 Transplacental viral infection, 215
- Ultrasound detection of early fetal heart tones, 104  
 Uterus, length and use of IUD, 205
- Vaginal cytology, 233  
 Vascular disease in menopause, 233  
 Vasomotor symptoms, 233  
**Venereal disease**  
 in legal prostitution, 81  
 gonorrhea screening, 81  
 in Great Britain, 85  
 national problem, 111  
 ASHA joint statement, 114  
 international problem, 119  
 syphilis epidemiology, 123  
 gonorrhea epidemiology, 129  
 private physician's role, 129  
 practitioner's viewpoint, 131  
 specialist's viewpoint, 133  
 public education in VD control, 165  
 high risk population, 169  
 New York City, 171  
 Philadelphia, 173  
 penicillin, 175  
 tetracyclines, 179  
 other antibiotics, 182  
 transportation systems, 185, 187
- Weight gain in menopause, 233
